**Overview**

This camp is regarded as a recreational camp for Year 12 students to wind down, relax and have some fun given the gruelling schedule of exams, assignments, QCS testing and other leadership, service and co-curricular activities they may have undertaken during their final year of high school. Students will be given the opportunity to spend quality time with each other, to eat well, to exercise in the fresh air and sunshine and if necessary to catch up on some much needed sleep. We hope they (and their teachers) return refreshed, cheerful and energised - ready to tackle the challenges presented in their final Term.

**Learning and Outdoor Educational Outcomes**

Students are encouraged to demonstrate leadership, organisation and self-direction as they choose from a variety of activities available. There is an expectation that students conduct themselves in a responsible and mature manner as they mix with other families at the resort.

**Example Activities from Camp**

- **Bush Walking**
  A number of hiking trails offer spectacular views.
- **Swimming**
  The resort has two swimming pools available.
- **Sauna and Spa pool**
